Yoga Taster Sessions for EYFS/KS1	✓	Nursery, Reception, yr1 and 2 benefited from this activity which was an engaging and calming approach. This worked well within our Early years for this particular cohort of children. We asked for further sessions (whole afternoon free) as the children responded extremely well to this activity.
Hula Hooping (Hoopstarz Day)	✓	All classes from R-Y3 had sessions from the KidzRFit team, there is evidence of progression from previous year. Children are learning more advanced skills. A lot of children getting Hula Hoops for independent use. This acted as a staff refresher.

Sports Leaders (school-based programme and providing leaders for festivals)		
Y5/6 Sports Leader Training with Tony Dowson	✓	All Y6 pupils received a half day of leadership training with TD. 12 sports leaders were chosen to act as the organisers and the lead of all of the sports leaders we have in school. This is having a whole impact on the school, particular on a lunch time behaviour children are focused and year 6 are taking full responsibility for their role.
Y3 Hula Hoop Leader Training with Tony Dowson	✓	20 Yr3 children. Choose children who wouldn't always be involved in sporting activities along with children who showed particular skills in Hula hooping. This introduced them early on into developing the skills and leadership to organise activities. This now works on a rota which runs daily at lunch time and involved pupils taking into account setting up the hoops and a safe area.
Y5/6 G&T Multiskills Academy testing		January
Y5/6 G&T Multiskills Academy (top 10 boys/top 10 girls)		2 pupils last year were successful. Sent 8 girls and boys for testing.
KS2 G&T Dance Academy		Pupils have been identified through danced CPD. Spring term.
Top-Up Swimming (Holiday courses at Concordia)	✓	<p><u>H B (attendance 5/5)</u>Confidence was growing throughout, she has a lovely leg kick, needs to practice on breathing and Hannah did not achieve a badge as her confidence is still low and needs to gain more confidence in herself</p> <p><u>AT (attendance 5/5)</u>Great at holding breath so can do a lot of practising front crawl. She needs to correct her leg kicks as she thrashes them around. Buoyancy is good.2m front, 2m on back with help from teacher</p> <p><u>GM (attendance 5/5)</u> Front and back crawl technique is perfect, only thing she can improve on is her front crawl breathing, making sure her head turns to the side every time and does not look forward. This will help her to swim further than 25m</p>

		<p>in the future. Teacher was very impressed with her swimming in the week and Gracie showed excellent swimming ability in the water.25m front and back</p> <p><u>BB (attendance 4/5)</u>Needs to believe and have confidence in himself when it comes to swimming. He has the potential to be very good as his front crawl and back stroke technique are very good. He could have swum further on his front with extra work on his breathing.15m front_25m back.</p>
