

## EYFS

App		
	<b>Doodle Buddy</b>	Doodle Buddy is the most fun you can have with your finger! Finger paint with your favourite colours and drop in playful stamps. Connect with a friend to draw together over the Internet.
	<b>Sock Puppet</b>	Sock Puppets lets you create your own lip-synched videos. You can add puppets, props, scenery, and backgrounds to create videos. Hit the record button and the puppets automatically lip-synch to your voice.
	<b>Daisy Dinosaur</b>	Learn the basics of computer coding with Daisy the Dinosaur! This fun app has an easy drag & drop interface that kids of all ages can use to animate Daisy and make her dance on their screen. Kids will intuitively grasp the basics of objects, sequencing, loops and events by solving this app's challenges.
	<b>Kahoot</b>	Play fun, social learning games for any subject.. Join games instantly and easily.
	<b>Puppet Edu</b>	Easily create videos in the classroom! Children as young as five can make videos to tell stories, explain ideas, or document their learning.
	<b>Tapestry Mobile</b>	This is the companion app for Tapestry, the EYFS Online Learning Journal, for parents and staff of schools and nurseries that use the Tapestry system. The app enables secure viewing and uploading of observations to the Tapestry web service. Each observation or page can include notes, photographs and EYFS assessments, Observations can be uploaded in one single process that makes a new entry immediately available or, optionally, hidden until the manager has approved them. Tapestry Mobile automatically locks the app whenever you close it; but you'll be able to log back in quickly using a pin.
	<b>Story Creator</b>	"This is the future of sharing stories! Fun, Simple, and Easy!" With Story Creator you can easily create beautiful story books containing photos, videos, text, and audio all in one gorgeous collection. Story Creator offers a magical way to enjoy your personal pictures, videos, and experiences with family and friends
	<b>Reading Eggs</b>	Reading Eggs is the multi-award winning reading program used by over 3 million children worldwide. The program provides a comprehensive range of reading lessons and e-books that teach kids aged 3-13 the literacy skills needed for lifetime reading success.
	<b>Jolly Phonics</b>	Join Bee and her friends as they explore the enchanting letter-sounds garden and discover the main 42 letter sounds of English through a series of captivating games. This beautifully animated app enables your child to learn the letter sounds (including digraphs), letter formation, blending the sounds for reading and identifying letter sounds in words for spelling and writing.

 <p>Tap a Tune</p>	<p>A fun way for young children to make music! Packed with 12 instruments and a colourful keyboard. Tap a key and it plays the note with an engaging animation, teaching cause and effect. When a key is tapped, the note floats to its place on the musical staff, With the record and play buttons your child can record and play back his own tunes and voice.</p>
 <p>Collins Big Cat - Around the World</p>	<p>Develop your children's reading and writing skills with Around The World interactive book and Story Creator, from the primary literacy specialists at Collins Education. Also available: The Steam Train and It Was a Cold, Dark Night. The perfect way to develop essential literacy skills and transfer good reading to great writing. This book has been carefully levelled for children aged 5+</p>
 <p>Star Fall</p>	<p>The Starfall app allows members to access Starfall activities on their tablets using an internet connection. Young children will have fun learning reading, maths and more! Starfall offers a variety of activities for children</p>
<p><b>Key Stage 1</b></p>	
 <p>Puppet Edu</p>	<p>Easily create videos in the classroom! Children as young as five can make videos to tell stories, explain ideas, or document their learning.</p>
 <p>Daisy Dinosaur</p>	<p>Learn the basics of computer coding with Daisy the Dinosaur! This fun app has an easy drag &amp; drop interface that kids of all ages can use to animate Daisy and make her dance on their screen. Kids will intuitively grasp the basics of objects, sequencing, loops and events by solving this app's challenges.</p>
 <p>Story Creator</p>	<p>"This is the future of sharing stories! Fun, Simple, and Easy!" With Story Creator you can easily create beautiful story books containing photos, videos, text, and audio all in one gorgeous collection. Story Creator offers a magical way to enjoy your personal pictures, videos, and experiences with family and friends</p>
 <p>Puppet Pals HD</p>	<p>Create your own shows with animation and audio in real time! Pick out your actors and backdrops, drag them on to the stage, and tap record. This app is as fun as your own creativity. Act out a story of Pirates on the high seas, fight as scary monsters, or play the part of a Wild West bandit on the loose.</p>
 <p>Bee Bot</p>	<p>The new Bee-Bot App has been developed based on our well-loved, award-winning Bee-Bot floor robot. The app makes use of Bee-Bot's keypad functionality and enables children to improve their skills in directional language and programming through sequences of forwards, backwards, left and right 90 degree turns.</p>
 <p>4beats</p>	<p>4Beats - the absolutely easiest and powerful way to create your own genuine songs, anytime, anywhere. 4Beats comes with 270 genuine music samples.</p>

	<b>Sumdog</b>	<p>Millions of students worldwide play Sumdog's multiplayer games, to learn mathematics, reading and writing.</p> <p>This app currently has fifteen of Sumdog's most popular games with more being added. To play, login with your normal Sumdog details.</p>
	<b>Scratch Jr</b>	<p>With Scratch Jr, young children (ages 5-7) learn important new skills as they program their own interactive stories and games. By snapping together graphical programming blocks, children can make characters move, jump, dance, and sing. In the process, children learn to solve problems, design projects, and express themselves creatively on the computer. They also use math and language in a meaningful and motivating context. With Scratch Jr, children don't just learn to code, they code to learn.</p>
<b>Key Stage 2</b>		
	<b>Skitch</b>	<p>See something that sparks an idea? Use Skitch to snap it, annotate on to it with simple tools. Your bold ideas stand out even brighter with Skitch.</p>
	<b>Padlet</b>	<p>Padlet is a digital canvas to create beautiful projects that are easy to share and collaborate on.</p> <p>It works like a piece of paper. We give you an empty page - a padlet - and you can put whatever you like on it. Drag in a video, record an interview, snap a selfie, write your own text posts or upload some documents.</p>
		<p>HP Aurasma is changing the way we interact with the world. Discover augmented reality experiences, create your own Auras, Bring photos, posters, birthday cards, and more to life. We can't wait to see what you create!</p> <p>You can also check out the website <a href="http://www.aurasma.com">www.aurasma.com</a></p>
	<b>4beats</b>	<p>4Beats - the absolutely easiest and powerful way to create your own genuine songs, anytime, anywhere.</p> <p>4Beats comes with 270 genuine music samples.</p>
	<b>Book Creator</b>	<p>Book Creator is the simple way to make your own beautiful ebooks, right on your iPad. Record sound effects and your own voice to narrate your very own book.</p>
	<b>Hopscotch</b>	<p>Hopscotch is coding made for you.</p> <p>Learn to code by making things you enjoy playing. With Hopscotch, you get a blank canvas for your imagination, a community filled with inspiration, and an audience to begin using your products the moment you publish them.</p>
		<p>Pyonkee is a new dynamic media for developing various ideas. By combining visual blocks, kids/adults are able to create original games, animations, and stories on their own.</p> <p>This uses programming skills to create these exciting projects.</p>

	<b>Lego Movie Maker</b>	<p>Create your own Lego Movie style films using Lego characters and scenes. Add sound effects and voice over to these animations to create your own Lego film.</p>
	<b>Epic Citadel</b>	<p>Are you ready to explore the realm of the Epic Citadel and all the beautiful secrets it holds? Have a look around a city from years ago. What can you spot? Where do you end up?</p>
	<b>Morfo</b>	<p>Use Morfo to quickly turn a photo of your friend's face into a talking, dancing, crazy 3D character! Once captured, you can make your friend say anything you want in a silly voice, rock out, wear makeup, sport a pair of huge green cat eyes, suddenly gain 300lbs, and more.</p>
		<p>Get kids hooked on coding within minutes! Lightbot : Code Hour is a programming puzzle game- a game whose game mechanics require using programming logic to solve levels. This short teaser is meant to introduce players to programming who may have little to no experience. Simply guiding a robot to light up tiles and solve levels using commands, Lightbot cultivates a real understanding of procedures, loops, and conditionals.</p>
	<b>Scratch Jr</b>	<p>With Scratch Jr, young children (ages 5-7) learn important new skills as they program their own interactive stories and games. By snapping together graphical programming blocks, children can make characters move, jump, dance, and sing. In the process, children learn to solve problems, design projects, and express themselves creatively on the computer. They also use math and language in a meaningful and motivating context. With Scratch Jr, children don't just learn to code, they code to learn.</p>
	<b>Sumdog</b>	<p>Millions of students worldwide play Sumdog's multiplayer games, to learn mathematics, reading and writing. This app currently has fifteen of Sumdog's most popular games with more being added. To play, login with your normal Sumdog details.</p>
	<b>Kahoot</b>	<p>Play fun, social learning games for any subject.. Join games instantly and easily.</p>
	<b>Transfer</b>	<p>Photo Transfer App allows you to quickly copy photos and videos between your iPhone, iPad, Mac or PC using your local wifi network.</p>
