Review period:	1 year		
Review required by:	September 2018		
Responsibility for review:	Performance Improvement Committee		

Staff Acceptable Use Policy 2017

As a professional organisation with responsibility for children's safeguarding it is important that all staff take all possible and necessary measures to protect data and information systems from infection, unauthorised access, damage, loss, abuse and theft. All members of staff have a responsibility to use the school's computer system in a professional, lawful, and ethical manner. To ensure that members of staff are fully aware of their professional responsibilities when using Information Communication Technology and the school systems, they are asked to read and sign this Acceptable Use Policy.

This is not an exhaustive list and all members of staff are reminded that ICT use should be consistent with the school ethos, other appropriate school policies, relevant national and local guidance and expectations, and the Law.

Staff should consult the school e-safety policy for further clarification.

1. I understand that Information Systems and ICT include networks, data and data storage, online and offline communication technologies and access devices. Examples include laptops, mobile phones, tablets, digital cameras, email and social media sites.
2. School owned information systems must be used appropriately. I understand that the Computer Misuse Act 1990 makes the following criminal offences: to gain unauthorised access to computer material; to gain unauthorised access to computer material with intent to commit or facilitate commission of further offences or to modify computer material without authorisation.
3. I understand that any hardware and software provided by my workplace for staff use can only be used by members of staff and only for educational use. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or locking my login as appropriate.
4. I will respect system security and I will not disclose any password or security information. I will use a 'strong' password. (A strong password has numbers, letters and symbols, with 8 or more characters, does not contain a dictionary word and is only used on one system and is changed regularly on a quarterly basis in accordance with Northumberland County Council (NCC) regulations and guidance.
5. I will not attempt to install any purchased or downloaded software, including browser toolbars, or hardware without permission from the system manager.
6. I will ensure that any personal data of pupils, staff or parents/carers is kept in accordance with the Data Protection Act 1998. This means that all personal data will be obtained and processed fairly and lawfully, only kept for specific purposes, held no longer than necessary and will be kept private and secure with appropriate security measures in place, whether used in the workplace, hosted online (only within countries or sites with suitable data protection controls that meet the EU and UK regulations) or accessed remotely. Any data which is being removed from the school site (such as via email or on memory sticks or CDs) should be encrypted. Any images or videos of pupils will only be used as stated in the school image use policy and will always take into account parental consent.
7. I will not keep or access professional documents which contain school-related sensitive or personal information (including images, files, videos, emails etc.) on any personal devices (such as laptops, digital cameras, mobile phones), unless they are suitably secured and encrypted. Where possible I will use School 360 to upload any work documents and files in a password protected environment. I will protect the devices in my care from unapproved access or theft. I will act in accordance with NCC rules and regulations and the I.C.T. Service Level Agreement.

8. I will not store any personal information on the school computer system including any school laptop or similar device issued to members of staff that is unrelated to school activities, such as personal photographs, files or financial information.
9. I will respect copyright and intellectual property rights.
10. I have read and understood the school online safety (e-Safety) policy (which covers the requirements for safe ICT use, including using appropriate devices, safe use of social media websites and the supervision of pupils within the classroom and other working spaces).
11. I will report all incidents of concern regarding children's online safety to the Designated Safeguarding Lead, Mrs Helen Brown, and/or the Online Safety Coordinator, Mrs Laura Greenwood, as soon as possible. I will report any accidental access, receipt of inappropriate materials, filtering breaches or unsuitable websites to the Designated Safeguarding Lead, Mrs Helen Brown, and/or the Online Safety Coordinator, Mrs Laura Greenwood, and/or the designated lead for filtering, Mr John Devlin, as soon as possible.
12. I will not attempt to bypass any filtering and/or security systems put in place by the school. If I suspect a computer or system has been damaged or affected by a virus or other malware, or if I have lost any school related documents or files, then I will report this to the ICT Support Provider/Team lead, Mr Martin Nieurzyla/ Mr Alan Smith, as soon as possible.
13. My electronic communications with pupils, parents/carers and other professionals will only take place within clear and explicit professional boundaries and will be transparent and open to scrutiny at all times. All communication will take place via school approved communication channels e.g. via a school provided email address or telephone number and not via personal devices or communication channels e.g. personal email, social networking or mobile phones. Any pre-existing relationships or situations that may compromise this will be discussed with the Senior Leadership team and/or Head Teacher.
14. I will ensure that my online reputation and use of ICT and information systems are compatible with my professional role, whether using school or personal systems. This includes the use of email, text, social media/networking, gaming and any other devices or websites. I will take appropriate steps to protect myself online and will ensure that my use of ICT and internet will not undermine my professional role, interfere with my work duties and will be in accordance with the school AUP and the Law. I will ensure that my information systems use will always be compatible with my professional role and social media privacy settings are maintained so that my information and posts cannot be accessed by the general public.
15. I will not create, transmit, display, publish or forward any material that is likely to harass, cause offence, inconvenience or needless anxiety to any other person, or anything which could bring my professional role, the school, or the County Council, into disrepute.
16. I will promote online safety with the pupils in my care and will help them to develop a responsible attitude to safety online, system use and to the content they access or create.
17. If I have any queries or questions regarding safe and professional practise online either in school or off site, then I will raise them with the Designated Safeguarding Lead, Mrs Helen Brown, and/or the Online Safety Coordinator Mrs Laura Greenwood.
18. I will be vigilant around children who are using their own iPads purchased through the recent leasing scheme. NCC IT Team have put robust security systems in place and the iPads have the same internet filters applied as ICT equipment in school. As with school equipment, any inappropriate activity or searches will be logged and monitored. This monitoring will take place in accordance with data protection, privacy and human rights legislation.

19. I understand that my use of the school information systems (including any devices provided by the school), school Internet and school email may be monitored and recorded to ensure the safety of children and staff and to ensure policy compliance. This monitoring will be proportionate and will take place in accordance with data protection, privacy and human rights legislation.

20. The School may exercise its right to monitor the use of information systems, including Internet access and the interception of emails in order to monitor policy compliance. Where it believes unauthorised and/or inappropriate use of the schools information system or unacceptable or inappropriate behaviour may be taking place, the School will invoke its disciplinary procedure. If the school suspects that the school system may be being used for criminal purposes then the matter will be brought to the attention of the relevant law enforcement organisation.

Wi-Fi Acceptable Use

This applies to anyone using school Wi-Fi

As a professional organisation with responsibility for children's safeguarding it is important that all members of the school community are fully aware of the school's boundaries and requirements when using the school Wi-Fi systems, and take all possible and necessary measures to protect data and information systems from infection, unauthorised access, damage, loss, abuse and theft. This is not an exhaustive list and all members of the school community are reminded that ICT use should be consistent with the school ethos, other appropriate policies and the Law.

Please be aware that the school will not be liable for any damages or claims of any kind arising from the use of the wireless service. The School takes no responsibility for the security, safety, theft, insurance and ownership of any device used within the School premises that is not the property of the School.

The school provides Wi-Fi for the school community and allows access for educational use only.

21 The use of ICT devices falls under Shanklea Primary School's Acceptable Use Policy, online safety (e-Safety) policy and behaviour policy to which all students/staff/visitors and volunteers must agree and comply with.

22 Shanklea Primary School reserves the right to limit the bandwidth of the wireless service, as necessary, to ensure network reliability and fair sharing of network resources for all users.

23 School owned information systems, including Wi-Fi, must be used lawfully and I understand that the Computer Misuse Act 1990 makes the following criminal offences: to gain unauthorised access to computer material; to gain unauthorised access to computer material with intent to commit or facilitate commission of further offences or to modify computer material without authorisation.

24 I will take all practical steps necessary to make sure that any equipment connected to the schools service is adequately secure (such as up-to-date anti-virus software, systems updates).

25 The school's wireless service is not secure, and the school cannot guarantee the safety of traffic across it. Use of the school's wireless service is done at my own risk. By using this service, I acknowledge that security errors and hacking are an inherent risk associated with any wireless network. For that reason, I expressly agree that I knowingly assume such risk, and further agree

to hold the school harmless from any claim or loss arising out of, or related to, any such instance of hacking or other unauthorized use or access into my computer or device.

26 The school accepts no responsibility for any software downloaded and/or installed, e-mail opened, or sites accessed via the school's wireless service's connection to the Internet. Any damage done to equipment for any reason including, but not limited to, viruses, identity theft, spyware, plug-ins or other Internet-borne programs is my sole responsibility; and I indemnify and hold harmless the school from any such damage.

27 The school accepts no responsibility regarding the ability of equipment, owned by myself, to connect to the school's wireless service.

28 I will respect system security and I will not disclose any password or security information that is given to me. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or locking my login as appropriate.

29 I will not attempt to bypass any of the schools security and filtering systems or download any unauthorised software or applications.

30 My use of the school Wi-Fi will be safe and responsible and will always be in accordance with the school AUP and the Law including copyright and intellectual property rights. This includes the use of email, text, social media, social networking, gaming, web publications and any other devices or websites.

31 I will not upload, download, access or forward any material which is illegal or inappropriate or may cause harm, distress or offence to any other person, or anything which could bring the school into disrepute.

32 I will report any online safety (e-Safety) concerns, filtering breaches or receipt of inappropriate materials to the Designated Safeguarding Lead , Mrs Brown, the Online Safety (e-Safety) Coordinator, Mrs Greenwood and/or the designated lead for filtering , Northumberland County Council, as soon as possible.

33 If I have any queries or questions regarding safe behaviour online then I will discuss them with the Online safety (e-Safety) Coordinator, Mrs Greenwood or the Head Teacher, Mrs Brown.

34 I understand that my use of the schools Wi-Fi will be monitored and recorded to ensure policy compliance in accordance with privacy and data protection legislation. If the schools suspects that unauthorised and/or inappropriate use or unacceptable or inappropriate behaviour may be taking place, then the school terminate or restrict usage. If the School suspects that the system may be being used for criminal purposes then the matter will be brought to the attention of the relevant law enforcement organisation.

I have read and understood and agree to comply with the Staff Acceptable Use Policy.
