249 cultural performers provided
displays of encouragement
for the athletes

We are delighted with the success that the School Games has had in Northumberland. Click to view the infographic to the left to see just how many young people in Northumberland have benefited from the School Games.

Thank you to all schools that have been submitting teams into the level 2 events. We hope to see these figures keep growing and many new pupils enjoying the competition that the School Games brings. It's not too late for your school to be involved, please contact your School Games Organiser if your school would like to join in.

Congratulations to all schools who have successfully achieved the 2015-16 School Games Mark. This award, now in its 5th year continues to reward schools for their commitment to and development of competition, school sport and physical education.

What Other Ways can your School get Involved?

We are looking for pupils to showcase their talents whether they are performers or photographers, artists or sports leaders.

If you are working with groups of young people or you know individuals who could contribute to the Northumberland School Games, please contact your local School Games Organiser.

ACTION FOR ALL SCHOOLS

Please could all schools ensure you have logged your School Games Day and completed the Inclusive Health Check online.

www.yourschoolgames.com

The 'Your School Games' website is being revamped in January so keep watch for the changes and added resources that will be made available to you.

Spirit of the Games Values

The Spirit of the Games Values were developed by young people to identify what the experience of school sport should be built around, and gives focus on personal excellence through competition.

These values are consistently applied throughout all competitions ran through School Games from Level 1 to Level 3 competition to develop a range of behaviours, qualities and inter-personal skills with students based on sporting experiences, scenarios and attitudes.

The 6 values are shown below, click on the badges for more explanation on the values.
